MISSION

Provide primary health care free of cost, to the poor and needy people and at reduced rates to those who can afford to pay.

OBJECTIVES

- Establish Medical Centers, Dispensaries and Mobile Dispensaries for effective primary medical care of poor and needy people, in poor localities of Urban and Rural areas with special emphasis on rural areas of Pakistan.
- Arrange free specialist medical consultancy to patients through specialists of repute where possible.
- Provide medicines and required diagnostic facilities (Pathology Laboratory, X-Ray, ECG, Ultra Sound, etc.) free of cost to deserving cases and at reduced rates to those who can afford to pay.
- Arrange health awareness programmes for prevention and control of diseases, especially in the poor localities.
- Reach out to patients of far flung areas through mobile dispensaries and organizing Medical Camps.
- Any other Project/activity, inline with the Mission and Objectives of the Trust.

When **Allah** blesses you **financially**. Don't raise your standards of **living**, raise your standards of **giving**.

Message by the Chairman

Like the past many years the year 2025 has also seen Al Mustafa Trust progressing further and extending its reach to hundreds of thousands more poor and destitute patients by establishing new medical setups in the Country. With each passing year the Trust has grown phenomenally. We are striving hard continuously to extend our services through Medical Centres, Dispensaries and Mobile units to provide excellent quality health care to all, free of cost to the deserving poor patients. We are presently the largest primary health providers in Pakistan.

Feeling the pain of our Muslim brethren, Al Mustafa Trust in its humble capacity contributed for the aid of Palestinians in Gaza and the earthquake affectees of Turkey. Millions of rupees have been spent in flood hit areas by establishing special medical camps & providing rations, clothing and tentage facilities in addition to construction of houses for the shelter to flood victims. We have stood the test of time as our Trust stands towering amongst such other outfits whereby Pakistan Centre for Philanthropy (PCP) awarded 93% marks in the last inspection to our Trust.

My appreciation and heartfelt gratitude to my dedicated and devoted team, whose selfless commitment, and fidelity has made it possible to reach the unparallel success in achieving our objectives and we will surely see the Trust flourishing and extending our reach to remaining areas of our beloved country, In Sha Allah.

Lt Gen
Chairman
Muhammad Mustafa Khan (Retd)

FLOOD RELIEF ACTIVITIES

The management of Al Mustafa Trust and its donors could not remain unmoved by the devastation caused by the countrywide floods and resultant loss to the life and property of people. Al Mustafa Trust thus devised the strategy to establish medical camps and provide humanitarian assistance as a short-term measure and contribution in construction/repair of houses of victims as a long-term measure. The relief activities (in cooperation with Al-Khidmat) undertaken include following:-

- Dispatch of three trucks loaded with 300 beddings, 70 utensils sets, 100 light blankets and 2400 bottles (1.5 ltr) of mineral water.
- Dispatch of 300 tents (150 canvas and 150 parachute) by Regional Office Lahore.
- Dispatch of one Truck containing 500 jackets and clothes for men, women and children.

GROWTH OF MEDICAL SETUPS

YEARWISE NO OF BENEFICIARIES

MEDICAL CAMPS

Establishing medical camps in various parts of the country is a regular feature of Al Mustafa Trust. Our medical centers spread across the country send out the team of doctors and paramedics alongwith sufficient stock of medicines to pre-designated location on a prior notified date and treat the patients at their door steps. During 2025 the total number of beneficiaries of these camps rose to 17,668 including 1,350 eye surgeries.

In addition to provision of basic healthcare and reaching out to maximum number of people, these camps also serve the purpose of creating health awareness, hygienic practices and educating them to adopt healthy lifestyle.

The Perspective

Basic healthcare is the fundamental right of every individual which some how could never be accorded its due priority while allocating the budgets on Health for the past many decades.

Provision of adequate and timely primary healthcare helps in reduction of load on the hospitals in addition to saving the poor patients from advanced and very costly treatment of diseases which would aggravate otherwise. Al Mustafa Trust is successfully pursuing this objective for the past over 27 years.

Taking a humble start on 5 Sep 1998, a God-fearing person, Lt Gen Ghulam Muhammad Malik (Retd) and his friends established a small dispensary in a poor locality on Bostan Road Rawalpindi. The hard work, sincerity of purpose and relentless efforts resulted in unprecedented and phenomenal growth of the Trust and within next 17 years the number of medical centers rose to 12.

In order to reach out closer to more poor localities and enhance accessibility of health care facilities to greater number of people of down trodden localities, in 2016 it was

decided to add dispensaries and mobile clinics in addition to medical centers. Today the Trust has its footprint at 110 cities, towns and villages through its 4 signature centers, 32 medical centers (10 Urban, 22 Rural) 22 dispensaries including 9 mobile clinics which are visiting 59 locations, providing healthcare at door steps at 102 locations in Pakistan and Azad Kashmir.

The members of Board of Management, Board of Directors, Project Directors and the Trustees; all are working as volunteers. The annual turnout of patients is over 1.85 million and till date over 13 million patients have benefited from the Trust which makes it the largest Trust in Basic Health Care in Pakistan.

Al Mustafa Trust is registered with the Govt of Pakistan as well as in UK and USA with its annual budget being over Rs. 687 million, being met through the generous donations of our kind hearted and worthy donors. May Allah bless them all.

PATRON'S NOTE

Provision of free basic healthcare to the "Have Nots" of our society is the Mission of Al Mustafa Trust which has been pursued persistently for the past 27 years. As Patron and Founder of Al Mustafa Trust, it gives me immense pleasure and satisfaction that from a small organization established in 1998, it has expanded the canvas of its activities to 110 villages, towns and cities across the Country which is truly remarkable. Its progress in the last over 2 ½ decades is testament to the dedication and relentless pursuit of excellence by the Trustees, Directors/ Project Directors, the Board of Management, Medical and Paramedical Staff and other administrative echelons.

With complete transparency Al Mustafa Trust has used its abilities to act as a light to those left in the darkness of hopelessness.

Al Mustafa Trust prides itself in the trust it enjoys of its worthy donors and the society. We reach out to the people in order to ease their sufferings without burden on their pockets.

I am confident that the Trust will continue to maintain its very high standards In Sha Allah. May Allah always be our Guide and Protector.
